

Vulcans On The Road (Vulcanlåten)

Big twin motors rumblin´
Hot pipes roarin´ loud
Shiny bikes are movin´
Drivers are lookin´ proud

Craving for a road-trip
Towards the wind blow
Gliding on a main-strip
With no place to go

Running on a high-way
Faces are lookin´ cool
Riders have no words to say
Isn´t this rock´n roll

Cruising with my best friend
Side by side with you
On the road and til´ the end
Still, I hope we do

We are the Vulcan Riders - Rollin´ on the road
We are the Vulcan Riders - Rollin´ on the road

Going to the crossroad
The burden shall we share
To the waterline of load
Always and everywhere

Never call us mouners
We ride with style
We are Vulcan Owners
Livin´ with a smile

We are the Vulcan Riders - Rollin´ on the road
We are the Vulcan Riders - Rollin´ on the road
